<http://www.cmlfclub.com>

Hamburgers and Baked Beans and Fixings
Glider Rides and other airplane rides
usually available for donations. FREE (for the little ones) Tow
Along (kiddie planes) they can pilot themselves.

As a Flying Club, our mission is to facilitate & promote the sport of flying.

Plane attendance is subject to weather, but we usually have several types, including ultra lights, gliders, military, experimental, and general aviation. We sometimes have fly-bys of various military or experimental high performance aircraft. We strive to be safety conscious and have an "Air Boss" on the field to coordinate traffic and parking.
