*Catfish served at noon * Live band – “**Serve Chilled**” * Glider rides and other airplane rides usually available for a donation * **FREE** (for the little ones) tow along “kiddie” airplanes they can “pilot” themselves * Pilots available for the **EAA Young Eagle Program**, to offer young people between the ages of 8 – 17 an opportunity to go flying in a general aviation airplane. Young Eagle rides are **FREE**, but do require parent/guardian permission at the site.

WHERE:

Harrell Field, Pisgah, MS (MS08)

2600 ft. grass N/S runway

Monitor 122.9 mhz

GPS: N 32 28 243
W 089 51149

We Fly for Fun!

DIRECTIONS: Highway 25 to Highway 43 exit. Follow signs. Go past Pisgah High School and take a left on Old Highway 43 to the field.

As a Flying Club, our mission is to facilitate and promote the sport of Flying.

Special Note: We never know how many planes will be able to attend (subject to weather), but we usually have several types - including ultralights, gliders, military, experimental, helicopters, and general aviation. We sometimes have fly-bys of various military or experimental high performance aircraft. We strive to be safety conscious and have an "Air Boss" on the Field to coordinate traffic and parking.
